

Minutes for March 9, 2010

Meeting brought to order at **5:00 pm**.

Members present: Al Hadzima, Joe Kampp, Dan Goodwin, Ian Langdon, Tony Tessicini, Mike Casey, Bob Concannon, Ron Graham, and Bill Wilson.

Motion to approve the minutes from February was so moved.

Old Business:

Discussion about the donation made by CMGC to Coronado Schools for the golf teams. The donation is going to the boys and girls teams and the middle school.

Social Membership. The board talked about the benefits of having a separate category in the membership for people that don't play anymore but would like to receive the newsletter and attend the meetings. A motion was made and approved to include the Social Membership in the club constitution.

Calendar. Bill Wilson has started compiling a booklet that will include the job descriptions of each position on the board and a calendar of job duties done throughout the year.

Discussion of the President's Dinner.

Tournaments

Tony talked about changing the Member-Guest tournament to a Member-Member on a One-Year Trial Basis. Last year's tournament had 60 members sign-up and didn't even come close to filling up. Instead he proposes a Member-Member, with a shotgun on Sunday, and a sit down lunch/dinner to follow. The cost would be about \$50 per member. A motion was made to change this year's Member-Guest to a Member-Member on a one year trial basis. Motion was voted on and passed in favor of a Member-Member tournament.

Budget

Joe Kampp presented the budget for 2010. Motion to approve the budget was so passed.

Membership

Al Hadzima pointed out that there was no official category for what is listed as "comp-members". These are Ron's Pro Shop employees who keep a GHIN number. Also a category for the [maintenance](#) staff was previously voted on. That will be looked into.

Handicap

Ron Graham will be attending a seminar that will be ironing out any problems with the GHIN system.

Wednesday Play

Bob pointed out that the Pro Shop is getting a bit more aggressive and supportive in the need to eliminate slow play.

Respectfully submitted,

Ian Gregory Langdon

Secretary
